EXPERIENCE SHARING

Over the years, Watoto Asia has co-organised various “Visit Watoto” service trips with numerous universities, schools, churches, organisations and institutions in Hong Kong. Watoto has been blessed by many volunteers. Each of them returned with many memorable experiences and lessons.

Dr. Abraham Chan Dental Team Leader

“Since 2014, each dental outreach service trip has brought new experiences, and we have witnessed the healthy growth of the children in Watoto’s villages under the care of the Heavenly Father. We are grateful for the opportunity to serve them with our professional skills.”

Dr. Patrick Lam Former Hong Kong Academy for Gifted Education Director

“After experiencing this ten-day-long life-changing Watoto experience with my Hong Kong students, I witnessed their growth and maturity from that experience to this day.”

Prof. Vincent Mok Master of S.H. Ho College, CUHK

“The land has deeply suffered from war, AIDS, and social injustice. We have heard many heartbreaking stories. Although the children and women face hardships, they still demonstrate unwavering courage. These experiences have taught us to be grateful and reflect on how we can bring blessings to others with our strength.”

EXPERIENCE SHARING

Jojo Yip

"This trip was like visiting a 'human library', reading all those autobiography one after one.

I had deep reflection on each story. It was a trip of enlightenment - it taught me to be humble, to immerse in the local culture as well as to 'be blessed', instead of serving others with my own standard as 'blessing others'."

Rebekah Lam

"This experience was very eye-opening, I witnessed happiness in another corner of the world.

Prior to living in Watoto village, the children and women have been through a lot of hardships, abandonments and rejections. Thanks to Watoto's ministry in the village, the children have their home and able to be educated. Watoto has reshaped their life for the better and they are empowering this future generation to dream and fulfil their goals. Watoto is essentially transforming the current situation in Africa, in the hope of prosperity for the country."

HIGHLIGHTS OF THE TOUR

Visit Watoto Village

This is the most direct way to learn about Watoto! Watoto gives each child a home and a family. We also provide them with food, education, healthcare, and love. You can witness their living and learning environment and how they are pursuing their dreams.

Take care of adorable babies

You can help care for abandoned babies at Baby Watoto and learn first-hand about the problem of abandoned babies in Uganda and what Watoto can do for them.

Visit Neighbourhood Mothers

Women are often the most marginalised and wounded people in Africa. Watoto embraces these women with love and empowers them with skills for employment. You can pay them a visit in the slums, and directly understand their difficulties and the changes brought about by Watoto's aid.

Observe African Wildlife

Observing wild animals in Africa's savannah is a must-do experience. Don't miss out the Uganda's largest Park - Murchison Falls National Park which located along the White Nile. Here, you can witness giraffes, elephants, hippos, and crocodiles. With the right timing, you might spot a rare lion subspecies!

Important Notes

Vaccinations and Medications

Vaccination against yellow fever is an entry requirement for travellers to Uganda. Other vaccinations and oral malaria prophylaxis are also necessary. Participants **are required to** make an appointment with the Travel Health Center of the Department of Health for vaccination and acquire the medication.

The yellow fever vaccine is only available at the Travel Health Centres of the Department of Health in Hong Kong. Clinics and hospitals do not offer yellow fever vaccinations.

Due to the large number of tourists visiting the Travel Health Centre for vaccinations and the limited daily consultation quota, please call the Travel Health Centre ahead of time **before signing up for the tour** to make an appointment for the vaccinations. If you have any questions, please contact us.
